or **by fax** at +41 (0)22 560 8140

Motivation Letter
Duygu İlhan
Candidate for FDI Councillor Reelection

İstanbul, June 2024

Dear Colleagues,

I am thrilled to submit the hereby letter of motivation which along with my CV will serve as nomination documents for the position of councillor reelection. I will never forget the first time that I attended the FDI Barcelona Congress in 1998 as a student, and moreover my first general assembly at FDI Stockholm Congress in 2008 as a delegate. Currently, it is a great honor to me to write this letter of motivation regarding my candidacy for the position of FDI Council elections 2024.

In all these years, Turkish Dental Association has supported my engagement in FDI activities, as NLO, LLL project leader, an active ERO WG member, member of Health and Safety Task Team, the chair of Membership Liaison and Members Support Committee, last but not the least as the FDI Councillor. My extensive background in dentistry has taught me that leadership is an exciting journey. I have always built bridges for understanding and tolerance, embracing ideas and cultural diversity.

Since I became a Councillor, I have been continuously allocated to active positions such as being a member of Finance Committee, Sustainability in Dentistry task team, World Oral Health Day task team. During my first mandate, I have been Liaison Councillor to Science, Membership Liaison and Members Support and Education committees respectively. I believe that the experience and expertise I've gained make me a strong advocate to serve FDI's Vision 2030 to improve the quality of life for our communities worldwide.

The FDI, World Dental Federation plays a vital role in coordinating the efforts of the national dental associations as they seek to improve oral health across the globe. FDI ensures that oral health remains an essential component of the global health agenda. I have been always enthusiastic to be one of the ambassadors who advocate global health especially for disadvantaged and underserved populations. I have always contributed to the FDI vision to lead the global fight to improve the oral health of populations to secure the general health and well-being of all at all ages.

I sincerely look forward to this opportunity to contribute the global effort to achieve equitable, effective, evidence-based oral health care for all. Thank you very much for considering my nomination.

Yours faithfully,

Duygu İlhan
Councillor, FDI World Dental Federation

CURRICULUM VITAE : DUYGU ILHAN

Place Of Birth: Ankara/ Türkiye

Nationality: Turkish

Address: Istanbul Medipol University, School of Dentistry, Department of Periodontology

Telephone: +90 532 733 50 47
