Dear Colleagues,

I am honored to have the opportunity to present my candidature. I believe I can contribute significantly to the committee's objectives, due to my passion for advancing dental education and experience in endodontics

Since 2015, I have been actively involved in conducting workshops and clinical courses specializing in endodontics and conservative dentistry, specifically aimed at general practitioners. Through these endeavors, I have had the privilege of training numerous dental professionals in advanced techniques, enhancing their proficiency and confidence in their practice. My commitment to enhancing the skills and knowledge of fellow practitioners has been a driving force throughout my career.

Furthermore, I have collaborated closely with fellow educators to elevate the quality of endodontic education. By exchanging insights, implementing innovative teaching methodologies, and fostering a collaborative learning environment, we have strived to ensure that dental education remains at the forefront of advancements in the field.

As President of the Continuing Training Centre of the Portuguese Dental Association (Ordem dos Médicos Dentistas) since 2020, I've had the privilege to lead a dedicated team of 15 dentists. Together, we have organized and coordinated more than 50 lectures and hands-on courses covering various fields of dentistry. Those initiatives have provided invaluable opportunities for continuous professional development, equipping our colleagues with the latest knowledge and skills to excel in their practices.

I am extremely motivated to leverage this experience in providing continuous education programs to the over 15,000 dentists across Portugal. By fostering collaboration, innovation, and a commitment to excellence, I am confident that we can further elevate the standard of dental education and practice worldwide.

I am eager to learn from all esteemed colleagues and also bring a perspective from young dentists, I recognize the importance of collaboration and dialogue in shaping the future of dental education. If given the opportunity to serve on the Education Committee, I am committed to contributing my expertise, enthusiasm, and fresh perspectives to support the committee's mission.

Thank you for considering my nomination. I look forward to the possibility of working alongside you to advance educational initiatives within our field.

Sincerely,

Antonio Roma Torres

António **ROMA TORRES**
