Poitiers the 24th of May 2024

To

FDI Presidency
Chemin de Joinville 26,
1216 Geneva, SWITZERLAND

Dear mister President,

I have the honor to inform you of my candidacy for reelection of my position in the Dental Practice Committee. This position would be suitable for both the FDI, as an organization, and for the committee itself, with the competencies that I can still bring you.

General dental practitioner in Poitiers, France, I have held executive positions in organizations such as the French Dental Association (co-president) and the FDI-ERO as vice chair of the Dental Practice Committee and chair of the ERO Dental Team working group.

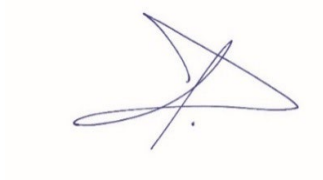

I have proceeded numerous reports and research documents that have contributed to improve the policy frameworks around dental practices. As you are aware, these practices face today numerous challenges, and my focus has always been on :

- Defending our profession against excessive liberalisation, corporates without any public health objectives and poor quality of care ;
- Encouraging quality dental practice, taking into account environmental issues and challenges ;
- Promoting a multi-faceted dental practice, such as liberal, hospital and humanitarian practice ;
- Strengthen cooperation within the dental team and encounters with other health care professions ;
- Facilitating the implementation and practical application of national laws, directives and regulations for our profession.

Healthcare is not a traditional market, and we have a responsibility to promote oral health with standards compatible with vision 2030. More than ever, our profession requires strengthened internal collaborations and agile working committees. Through my experiences, I believe I can help unsure the work of the committee answers our member's everyday questions, by tackling issues that matter the most to them and to our patients.

As I showed and thanks to my spirit of consensus, I will ensure that each member country can express itself and that we find, within this committee, the best compromise with the sole aim of advancing FDI policy and promoting the practice of dental surgery throughout the world.

In this expectation, receive, mister President, my best fraternal greetings.

Dr Doniphan HAMMER
