or **by fax** at +41 (0)22 560 8140

Dear Council Members and Members of the FDI's Education Committee,

I am writing to express my interest in serving on the Education Committee of the FDI World Dental Association. With experience in oral surgery, dental education, and international collaboration, I am confident in my ability to contribute effectively to the committee's objectives.

After graduating from the International Dental School of Charles University in Prague in 2012, I served as a military dentist in the Hellenic Armed Forces. In 2014, I was admitted to the three-year post-graduate program in Oral Surgery at the National and Kapodistrian University of Athens, where I also served as a scientific associate. My private practice now focused exclusively on oral surgery.

Over the last decade, I have participated in more than 80 congresses, seminars, and conventions globally, delivering over 30 scientific presentations. This active involvement demonstrates my commitment to dental science and continuous education.

Since 2019, I have been an elected Board Member of the Hellenic Dental Association (HDA), serving on various committees including the Scientific and International Relations Committees. I also represent the HDA at the FDI World Dental Federation and the European Regional Organization of FDI. Since 2020, I have been a member of the ERO FDI's international Working Group on "Digitalization in Dentistry-eHealth-Artificial Intelligence." In 2023, I was honored as a Fellow of the International College of Dentists.

Through my role in the HDA, which involves organizing continuing education programs for dental practitioners, I have developed a network of internationally renowned dental scientists and speakers who will support the FDI's educational initiatives.

Additionally, I actively participate in volunteer programs promoting oral health, reflecting my dedication to public service and education.

I am particularly inspired by the Education Committee's mission to advance global dental education standards. Being fluent in English ensures my effective communication within the committee. My background, skills and dedication to lifelong learning make me a strong candidate for this position.

Thank you for considering my nomination. I look forward to the opportunity to contribute to the FDI's mission and am eager to serve on the Education Committee.

Yours sincerely,

Dr. Vasileios E. Katsoulas DMD, MSc
Doctor of Dental Medicine | Oral Surgeon
