"Dental public health is improving dental health through the organized efforts of society. It takes care of the health of the community like a dentist takes care of the health of a particular patient" (Winslow)

My education includes graduating from high school Stomatological faculty, Clinical residency, PhD doctoral study in Sankt-Petersburg (Russian Federation). As a head of Department of Pediatric Stomatology, I have enough knowledge and experience in Dental Public health – oral health promotion and disease prevention. My postdoctoral dissertation (2007) is devoted to defining the paradigm of optimizing dental care for residents of rural regions in the formation of a Public health system. I have two ciphers – 14.01.14 – dentistry and 14.02.03 – Public health and healthcare. I have studied the Public health systems of Bismarck, Lord Beveridge, Semashko, etc.

I am confident, I have a knowledge and documented experience relevant to areas of dental public health, such as disease prevention, oral cancer, tobacco.., community oral health etc. Especially during my doctorate study in Sankt-Petersburg, Dept. of Surgical Stomatology, Maxillo-facial surgery and St. Petersburg Oncostomatological Centre.

My experience in aspects of Oral health development, implementation and evaluation of community based projects and programs, including education and promotion for different types of population documented with the fact, we win and I led FDI Smile grant in 2021. We conducted training in preventive measures among a team of doctors, residents, and students, provided, trained and monitored prevention in school–age children in the high mountainous regions.

As a Senior Stomatologist Dentist of Health care Ministry on 2007-2010yy, I had experience in policy formulation and advocacy at highest levels in the field of Dental Public health decision making in national dental organization. As a Chair of Working group “Integration” in FDI ERO branch, I lead development and cooperation on exchange and recommending new independent CIS and East European countries the Experience of European countries on Prophylaxis programs implementing.

As a Vice President of Stomatological (Dental) Association of the Kyrgyz Republic (SAKR) for Foreign affairs, I have enough contacts of internationally renowned dental scientists or key health decision makers, especially in Central Asia and CIS countries.

CURRICULUM VITAE

Name	Ilshat M. Yuldashev
