I am honoured to present my nomination for membership on the FDI Council. As a representative of the Dental Association of Seychelles, I share the FDI's vision of a world with optimal oral health for all. My extensive experience, dedication, and commitment to achieving this goal make me a strong candidate for this esteemed position.

My core mission as a Council member is to actively contribute to the realization of our shared vision. I believe access to quality oral care is a fundamental human right. We can achieve this vision by focusing on five key areas, guided by the **5Ts**:

- **Teamwork:** Collaboration is crucial. I will work effectively with Council members and stakeholders to develop and implement impactful strategies.
- **Technology:** I will advocate for utilizing advanced technologies to improve access to care, education, and research.
- **Transparency:** Open communication and clear reporting are essential. I will promote transparency in all Council activities.
- **Transformation:** Continuous improvement is critical. I will actively seek and implement strategies to transform oral health care globally.
- **Time-bound Goals:** Setting clear timeframes for deliverables ensures accountability and progress.

### **Focus Areas**

My efforts as a Council member will centre on three key pillars:

- **Access to Care:** I will advocate for policies that ensure equitable access to oral health services worldwide. This includes addressing disparities, promoting prevention, and empowering underserved communities.
- **Integrating Oral Health:** I recognize the vital link between oral health and overall well-being. I will champion the integration of oral health into broader healthcare systems, fostering collaboration between dental professionals and other healthcare providers.
- **Developing a Skilled Workforce:** A knowledgeable and skilled workforce is critical. I will support educational programs, professional development, and capacity-building initiatives for dental professionals globally.

### **Extensive Experience and Proven Track Record**

My commitment to advancing oral health goes beyond advocacy.

- **Research:** With over 170 published manuscripts and an H-index of 21, I have actively contributed to the scientific community.
- **Education:** My global lectures have disseminated knowledge and promoted evidence-based practices.

### **Active Role within the FDI**

I have a strong history of service within the FDI:

- **Communication and Membership Support Committee (CMSC):** Led the successful revival of the International Dental Journal (IDJ) through strategic recommendations.
- **Education Committee:** Contributed to initiatives ensuring relevant and up-to-date training for dental professionals.
- **African Regional Organization (ARO):** As former Treasurer, I facilitated key changes including:
  - Constitutional Ratification - aligning ARO's documents with FDI goals.
  - Membership Drive Expansion - increasing engagement with African dental professionals.
  - Effective Meetings - fostering collaboration through organized and chaired meetings.

### **Understanding Global Challenges**

With my past experiences in several roles in my national, regional levels, I understand the unique challenges faced by many countries. I aim to bridge this knowledge gap, aligning myself with FDI objectives to improve oral health outcomes for the global population.

I am deeply committed to the FDI's vision. With your support as an FDI Council member, we can work together to make optimal oral health a reality for everyone
