2024 FDI GA Governance Matters: Proposal for Changes to Rules and Regulations on Digital Voting by Nordic Dental Associations

Regarding the proposal by the Nordic Dental Associations concerning the 2024 FDI GA Governance Matters, **the Indian Dental Association supports the FDI Council's recommendation to maintain the current rules and regulations without any changes.**

We think that although the concept of digital voting is intriguing, it is practically challenging to put such changes into practice because of the difficulties associated with participation from associations all over the world. It is essential to guarantee equal access and not overlook the additional financial and logistical challenges involved in establishing a reliable, secure, and widely available digital voting system.

Thanking you
Sincerely Yours

Dr. Ashok Dhoble
Hon. Secretary General
Indian Dental Association.
