Dear Sir or Madam,

I am writing to express my interest in the role of a member of the Dental Practice Committee at the FDI World Dental Federation. With educational background in dentistry and experience in both academic and clinical settings, I am excited about the opportunity to contribute to the committee's mission. My dedication to advancing the field of prosthetic dentistry aligns well with the goals of the FDI, and I am eager to use my skills and experience to further productive work of the committee.

Throughout my career, I have done my best in deep understanding of prosthetic dentistry, mostly during my master's studies, which were followed by a successful PhD program culminating in a defended thesis. This academic journey has furnished me with a comprehensive skill set and a nuanced understanding of current and evolving dental practices. My role as the official delegate of Russia in the European Dental Students' Association for three years, along with serving as the president of the organization committee for the 63rd EDSA meeting, honed my leadership and organizational capabilities. These positions forced me to actively implement innovative practices and allowed me to gain experience in building communications with foreign colleagues. Currently, as an associate professor at Kazan State Medical University and a practicing clinician in a private setting, I bring practical insights that are necessary for the development of the future generation of dentists. My annual attendance of dental conferences and international dental exhibitions gives me the opportunity to constantly improve my knowledge of modern digital dentistry and use it in daily practice for the past 8 years.

I am enthusiastic about the prospect of joining a team of like-minded people working at the World Dental Federation (FDI) and I am sure that together we will make a useful contribution to the future of the dental society. Thank you for considering my application. I look forward to work effectively as a team.

Sincerely,

Leisan Shakirova
