or **by fax** at +41 (0)22 560 8140

Motivation Letter
Dasom Kim
Candidate for Membership Liaison and Support Committee

Dear esteemed members of FDI,

With unprecedented global insight of oral health as an integral component of systemic health—underscored by the WHO’s Global Oral Health Status Report and FDI’s Vision 2030—the urgency to strengthen communication and integration among member nations has never been greater.

Having served as the youngest representative of the Korean Dental Association at both the FDI World Dental Congress and the Asia Pacific Dental Congress, I have subsequently committed a key role in facilitating global efforts in the capacity of dental organizations, such as the director of international affairs for the Korean Academy of Geriatric Dentistry, the International College of Dentists Korea chapter, as well as the director of policy development of the Korean Women Dental Association. I have served as a key contributor to several landmark initiatives within organizations in the Korean dental community, such as the collaboration project between the American Dental Association and the Korea Dental Association.

Through my role in various projects nationally and internationally, as well as my current graduate studies in public health systems and policy, I am committed to promoting greater awareness of the importance of oral health and contributing to the development of health policies and oral health education programs that are tailored to the specific needs of member countries. This interest also led to establishment of Women in Global Health Korea Chapter, where I am the Chief Operations Officer, as well as the current ongoing project with the Oral Health Policy Institute of the Korean Dental Association. I believe these experiences enable me to advocate FDI’s oral health policies and support member states in its mission.

As the representative body of nearly 200 national member dental associations, FDI plays a vital role in realizing the vision of ‘Oral Health for All.’ With my background of global upbringing across Asia, North America, South America, and Europe, and multilingual proficiency, I have developed a strong appreciation for cultural diversity and the nuances of international collaboration. I am deeply committed to advancing FDI’s mission and aspire to serve as an effective bridge between FDI and its member associations.

Dasom Kim
Candidate for Membership Liaison and Support Committee

Dasom Kim, D.D.S
