Candidate

Member of the Membership Liaison and Support Committee

Makiko IWASAKI D.D.S., Ph.D.

It is a great honor for me to stand for re-election as a member of the Membership Liaison and Support Committee.

For three years, I have devoted myself with sincerity and commitment to the essential mission of MLSC: serving as a vital communication hub between FDI, National Dental Associations, National Liaison Officers, and members around the world. I have worked to convey FDI's vision and policies to national organizations and translate them into actionable initiatives. I have listened carefully to diverse voices from across the globe, explored support strategies tailored to each nation's needs, and actively contributed to revising the NLO reports and restructuring the NLO Forum to foster mutual understanding and collaboration across different cultures and societies.

In today's world with geopolitical tensions and social divisions, we, as oral health professionals, have a profound responsibility to build bridges beyond borders. Only FDI can achieve such global cooperation, and MLSC stands at its very core. I firmly believe that deeper understanding and collaboration among members will strengthen FDI, driving our mission forward and ensuring optimal oral health for all.

In the upcoming term, I am committed to pursuing the following four objectives:

- Clarifying the leadership and responsibilities of NLOs
- Reassessing the structure and effectiveness of the NLO Forum
- Further improving the NLO report questionnaire
- Encouraging participation from low-and-middle-income countries and non-member NDAs

For 25 years, I have attended every FDI World Dental Congress. My journey as a dentist began with FDI, from which I have learned so much. FDI's values are deeply aligned with my own. Utilizing my experience, I will passionately strive to reinforce and evolve FDI's functions and ideals.

As a Japanese dentist, I also believe that our cultural values—harmony, sincerity, and respect—can greatly contribute to MLSC's goal of fostering dialogue and trust between peoples and nations.

With “Harmony, Evolution, and Innovation” as my motto, I will continue to endeavor to strengthen global connection and communication through the MLSC.

I sincerely ask for your continued support and your vote.
