Motivational Letter **Dr. Marijan Denkovski, DDM**

Macedonian Dental Chamber, Republic of North Macedonia

Candidate for FDI Dental Practice Committee (2025–2028)

Dear Esteemed FDI Colleagues,

Following last year's close result in my candidacy, I would like to express my sincere gratitude to all those who supported me. Your trust has further strengthened my conviction to reapply—this time for the FDI Dental Practice Committee for the 2025–2028 term.

As a dentist with over 35 years of clinical and organizational experience and the founder and leader of a private dental institution, I face the challenges and opportunities of modern dental practice on a daily basis. My professional career has been inseparably linked to the development and improvement of standards in dental practice, both nationally and internationally.

Since 2018, I have served as the President of the Macedonian Dental Chamber, and in 2023, I was reelected for a new term. During my leadership, we have significantly improved the system of continuous education, raised ethical and professional standards, and developed support mechanisms for dentists in everyday practice—

this includes the introduction of new technologies, patient rights protection, and the enhancement of practice management in both private and public offices.

I have participated in the development and implementation of guidelines and legislative proposals directly related to regulating dental practice and quality management. I actively collaborate with colleagues from the region and beyond through my membership in ERO FDI working groups(WG Dental Team), BaSS, and FDI activities as a former National Liaison Officer (NLO).

As a member of the FDI Dental Practice Committee, I would be dedicated to:

- Promoting the highest standards of dental practice, based on evidence and modern clinical protocols;
- Supporting initiatives to improve working conditions and the safety of both patients and professionals;
- Strengthening the role of private and public practice in oral health systems;
- Developing tools, guidelines, and educational resources accessible to all FDI members, with a special focus on less developed systems.

My decades-long experience in leadership positions, including organizing over 100 professional events, has given me a comprehensive understanding of the needs of dental practice in various contexts and systems. I believe that with my knowledge, experience, and dedication, I could make a valuable contribution to the work of the Committee and FDI as a whole.

Thank you for considering my candidacy. It would be an honor and responsibility to contribute to the development of modern, ethical, and sustainable dental practice through work on the FDI Dental Practice Committee. If entrusted with this position, I will dedicate myself fully to advancing the committee's work. My record of collaboration, leadership, and consistent results demonstrates both my capacity and my motivation to serve with distinction.

With respect and hope that you will recognize the importance of strengthening representation from Southeast Europe and the Balkan region—areas still underrepresented in FDI's governance—I sincerely look forward to your valuable support. I am deeply committed to dental education and believe I am a strong and responsible candidate for this important and honorable position.

Sincerely,

Dr. Marijan Denkovski, DDM
