Motivation Letter for the Position of FDI Treasurer

Dear Executive board, Council members of FDI

It is with great respect and a strong sense of responsibility that I submit my candidacy for the Treasurer position of the FDI World Dental Federation. Having dedicated and committed most of my career towards advancing oral health across the world, I am willing to bring my leadership experience, strategic vision, and deep commitment to transparency to this vital role.

I have had the privilege of serving as an FDI Councilor since 2019. My involvement with the FDI's financial governance has been a continuously impactful experience. I served on the FDI Budget Reference Committee in 2018 and have been a member of the Finance Committee since 2020. During my tenure, I have actively contributed to strategic financial planning, participated in critical decision-making processes, and held full accountability of the FDI's financial operations. I have also effectively contributed to the formulation of the FDI's financial strategy, while supporting the Finance Committee in efficiently presenting the FDI's financial status to the General Assembly with clarity and integrity.

I am steadfast in my commitment to the FDI's mission and vision, and I am eager to continue this voyage in a leadership role.

Having served as a Treasurer of the Egyptian Clinical Dental Society (ECDS) from 2010 to 2020, I was responsible for managing the overall budget of the association, allocating funds for medical and dental outreach convoys, in addition to establishing quality standards for awareness campaigns and continuing education programs, playing a significant role in contributing to the development of comprehensive financial strategies.

In my current role and professional background as the CEO of Smart Dental Clinic, I manage all annual financial records, coordinate with certified accountants, and supervise the preparation of annual budget and full reporting of income and expenses. Therefore, I aim to ensure timely and accurate financial submissions to tax authorities while maintaining the highest ethical standards.

I believe the role of Treasury demands significantly more than technical oversight; it requires strategic vision, a commitment towards equity-driven planning, and a dedication to inclusive growth. Therefore, if elected, I will prioritize clear financial communication with member associations, strategic resource programs, and supporting programs that strengthen the FDI's presence in underserved regions.

Demonstrating that leadership within the FDI can originate from any region, this representation will motivate each nation to actively participate and contribute to their distinctive viewpoints, thereby enhancing the global impact of our organization.

FDI has always represented unity, science, service to humanity, and a commitment to excellence. I look forward to contributing further to strengthening its legacy by stabilizing its financial sustainability and advancing its strategic goals with transparency and foresight.

Thank you for considering my application. I am enthusiastic about the opportunity to contribute to this prestigious role and guide the FDI toward new accomplishments.

Dr. Nahawand Thabet

A handwritten signature in black ink, appearing to read 'Dr. Nahawand Thabet', with a stylized flourish at the end.

FDI COUNCILOR
WORLD DENTAL FEDERATION
