Dear Esteemed Colleagues,

I am Dr. Yi Liu, representing the Chinese Stomatological Association (CSA), and I am eager to express my candidacy for the FDI Council in 2025. This role aligns seamlessly with my extensive experience and unwavering commitment to advancing global oral health.

My journey with FDI began at the 2006 Shenzhen Congress, where, as a Ph.D. candidate, I supported scientific programs under my mentor's guidance. The congress left an indelible mark, not only through its scientific rigor but also through FDI's exceptional organization and advocacy. Over the years, attending FDI congresses worldwide has deepened my appreciation for its mission: leading the world to optimal oral health. In an era where globalization faces challenges and global harmony is tested, a robust FDI is vital for our profession and the populations we serve.

For over 13 years, I have served as CSA's Director of International Communications, representing China's sole national dental association and its 300,000+ dental professionals. With China comprising one-fifth of the global population, achieving worldwide oral health is inseparable from progress in China. I am passionate about amplifying the voices of Chinese professionals on the global stage, fostering collaboration and shared progress.

As an orthodontist with 25 years of practice, my clinical focus on interdisciplinary management of oral dysfunction mirrors FDI's advocacy that oral health is integral to general health and well-being. FDI's compelling message—a healthy mouth fosters a happy mind—resonates with both professionals and the public. We need FDI's leadership to champion this cause, and I am committed to strengthening its global voice. My approachable, positive, and resilient personality, coupled with a deep understanding of FDI's mission, equips me to excel in this role. My academic background and leadership in CSA have honed my ability to collaborate effectively with international colleagues. Guided by the Confucian principle, "Do not do to others what you would

not want done to yourself,” I value mutual respect and teamwork.

Thank you for considering my candidacy. On behalf of CSA, I am grateful for your support in elevating the Chinese perspective within FDI. Personally, I am honored by the opportunity to contribute to FDI’s mission at this level. I eagerly await your positive response.

Sincerely,

Dr. Yi Liu

Chinese Stomatological Association

# CURRICULUM VITAE

**Dr. Yi Liu** *DDS, MDS*

Clinic Professor of Orthodontics  
Peking University School of Stomatology  
Director of Foreign Affairs  
Chinese Stomatological Association

22 Zhongguancun South Avenue Haidian District, 100081
