

Dear President, Secretary General, and Colleagues,

On behalf of the Women Dentists Worldwide (WDW) Section of the FDI World Dental Federation, we are pleased to invite your National Dental Association to participate in an international initiative assessing the current status, opportunities, and challenges of women dentists globally.

As part of this effort, we kindly ask for your support with two short surveys:

- **WDW Survey for the National Dental Associations** (institutional perspective) : <https://survey.zmk.unibe.ch/surveys/?s=JRL8MXNM7YDY38YY>
- **WDW Personal Questionnaire for individual women dentists** (personal experiences): <https://survey.zmk.unibe.ch/surveys/?s=883JDCCFDFPLHMTL>

We would greatly appreciate it if your association could complete the first survey within 4 weeks (until February 27th,2026)

and disseminate the second link among your women dentist members.

The collected data will contribute to evidence-based advocacy, policy development, and targeted support for women dentists worldwide.

Thank you for your cooperation

Yours sincerely,

**Assoc. Prof. MUDr. Simona Dianiskova, PhD, MPH**  
Chair, Women Dentists Worldwide (WDW)
